

Thanks for asking about CD Manufacturing and design services from **www.deselbydiscs.com**.

We can make as few as 100 fully packaged CDs, to traditional manufacturing runs of 1000+.

Your final cost depends on your package design, and how much design and production work you'd like to have us do. You can have full color printing everywhere in the package, including the disc face. Please fill in the info below so we can quote a price for your job.

for office use

DeSelby Discs • Basic SIZES and SPECIFICATIONS

BOOKLETS

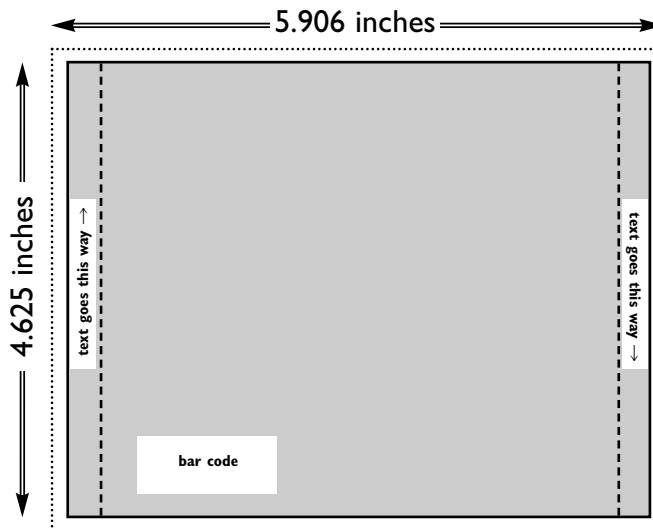

include at least 1/4 inch bleed (extra image area that will be trimmed – indicated by dotted lines) around all edges

make each panel separately, or make a 2-panel spread (9.5 inches wide + bleeds) for the inside of the booklet

not drawn to scale

TRAY CARD

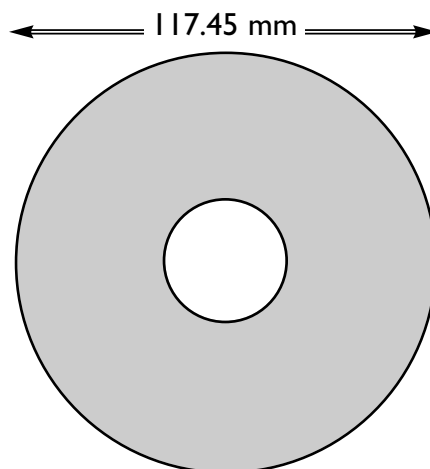

include at least 1/4 inch bleed (extra image area that will be trimmed – indicated by dotted lines) around all edges

final product will have spine perforations 1/4 inch in from each side

not drawn to scale

try printing & cutting your design, then put it in a jewel box before sending it in

DISC FACE

center hole is 20 mm in diameter – do not punch it out yourself

you can give us a square image and we'll take care of punching the hole!

no bleeds for the CD face

not drawn to scale

Contact us for Quark Xpress or InDesign templates for graphic designers.
